

Assignment_2 语法练习

完成学生：庞又玮 2600011560

题目

31197 : Police Recruits

implementation, 800,

<http://cs101.openjudge.cn/practice/31197/>

```
n = int(input())
events = [int(i) for i in input().split()]

x = 0
answer = 0
for event in events:
    if event == -1 and x <= 0:
        answer += 1
    else:
        x += event

print(answer)
```
